SUMMARY

Software Developer skilled in **React.js**, **Next.js**, **Tailwind CSS**, **Javascript(ES6+)** and **TypeScript**, with a strong focus on building scalable, high-performance web applications. Experienced in developing responsive UIs and integrating RESTful APIs for seamless user experiences.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, TypeScript

Frameworks/Libraries: React, Next.js, Node.js, Bootstrap, Material UI, Shadcn, Tailwind CSS, Redux

Databases: MySQL, MongoDB, PostgreSQL

Tools/Platforms: Docker, GitHub Actions, VS Code, Git, GitHub, Postman

EXPERIENCE

Software Developer - Infusyx Services April 2025 - December 2025

- Built and maintained high-performance frontend modules, including interactive dashboards, dynamic forms, and data-driven UI components using modern **React** and **Next.js** practices.
- Optimized application performance using **lazy loading**, **code splitting**, and **component restructuring**, improving **LCP** by **35%** and reducing layout shifts (CLS).
- Reduced runtime errors by **30%** via strict **TypeScript** type enforcement and consistent code reviews.
- Integrated **REST APIs** and third-party services to deliver fast, reliable, and responsive user experiences.
- Optimized UI rendering and state management to ensure smooth interactions across devices and screen sizes.
- Collaborated closely with the UI/UX design team to convert Figma wireframes into pixel-perfect, production-ready UI, improving design fidelity and reducing rework.

PROJECTS

[Job Portal Web Application](#) – [Live Link](#) | [GitHub-Code](#)

Tech Stack : Next.js, Node.js, Express.js, PostgreSQL, JWT, Bcrypt, Axios, Tailwind CSS

- Built full-stack job portal with **role-based authentication (User/Admin)** supporting job postings, applications, and candidate tracking.
- Developed secure **RESTful APIs** with JWT token-based authentication and password encryption using **Bcrypt**.
- Designed responsive UI with **Next.js**, **Tailwind CSS** & **Shadcn** optimizing for mobile and desktop experiences.
- Integrated **PostgreSQL database** for reliable relational data management and optimized backend queries for performance and scalability.

[Work Manager App](#) – [Live Link](#) | [GitHub-Code](#)

Tech Stack : Next.js, Node.js, MongoDB, JWT, Bcrypt, Axios, Tailwind CSS

- Task management application using **Next.js**, **React**, **Node.js**, **JWT** and **Bcrypt** for secure task tracking and organization.
- Designed and implemented **RESTful APIs**, leveraging **MongoDB** for efficient and scalable data storage.
- Categorized tasks into pending and completed, enabling users to efficiently manage their tasks.
- Engineered state management and dynamic data rendering for task creation and deletion.
- Implemented **CI/CD** pipeline with **GitHub Actions**, reducing deployment time by 40%.

EDUCATION & OTHER

Barkatullah University Bhopal

Bachelor of Commerce in Computer Application

2017 - 2020

Devi Ahilya Vishwavidyalaya Indore

Master of Business Administration in Business Analytics & Information Technology

2021 - 2023

LANGUAGES: English, Hindi (Fluent, Native)

INTERESTS: Cricket, Music
